WAGE AND SALARY EARNERS IN CIVILIAN EMPLOYMENT : AUSTRALIA, NOVEMBER 1966.  
PRELIMINARY ESTIMATES

This preliminary statement of Wage and Salary Earners in Civilian Employment for the month of November 1966 will be followed by the monthly bulletin "Employment and Unemployment", which gives information in greater detail.

The estimates contained herein are based on comprehensive data derived for the purpose from the Population Census of June, 1961. They are obtained from three main sources, namely, (a) current Pay-roll Tax returns; (b) current returns from Government bodies; and (c) some other direct current records of employment. These data have been supplemented by estimates of changes in the number of wage and salary earners not covered by the foregoing collections. The figures are subject to revision.

27 JAN 1967

For reasons of space, minor revisions which are sometimes necessary in respect of earlier months cannot be shown. Any such revisions are incorporated in the following issue of the monthly bulletin "Employment and Unemployment".

Any discrepancies between totals and sums of components are due to rounding.
